All year Trade

April 30, 1932

To Our Customers:-

To you, who appreciate a clean, rich milk produced right here at home, handled by modern methods and delivered to you within a few hours of milking, we offer something that others cannot give you at any price.

As you know our barns and dairy are open at any time for your inspection. Milk is a very important health food, MOST important where there are children. Can you afford to take the gamble when you have the best within your reach?

To meet a persistent demand, we are, this summer, going to furnish a Special Raw Baby Milk. This milk will be taken from cows carefully selected, (Durham, Ayrshire and Holstein) whose milk is more readily assimilated and digested by children, than the heavier, richer milk from Jerseys and Guernseys.

All other products are PASTEURIZED in our plant as soon as received from our barns. Of course our herd is under constant State and Federal Supervision.

Beginning May 1st our prices to you will be:-

Bay Farm Family Milk	14 cts a quart
Bay Farm Grade "A" Milk	16 cts a quart
Bay Farm Special Baby Milk (raw)	18 cts a quart
Bay Farm Extra Heavy Cream	25 cts a 1/2 pint jar
Bay Farm Light Cream	15 cts a 1/2 pint jar

Thanking you for past favors and assuring you of our best efforts to serve you this season, we remain,

Yours respectfully,

Dic./CJS

April 30, 1932

To Our Customers:-

We are prepared to fill your requirements for Milk and Cream this season. We shall continue the same policy that we have followed for the past fifty years of giving nothing but the Best, both in quality and service.

To you, who appreciate a clean, rich milk produced right here at home, handled by modern methods and delivered to you within a few hours of milking, we offer something that others cannot give you at any price.

As you know our barns and dairy are open at any time for your inspection. Milk is a very important health food, MOST important where there are children. Can you afford to take the gamble when you have the best within your reach?

Our prices to you this season will be:-

As we have to increase our herd to meet the demands of our Summer Trade, we will appreciate the early return of the enclosed order card with your approximate needs. This will aid us and prevent you from being disappointed when you arrive.

Thanking you for past patronage and assuring you of our best efforts to serve you this season, we remain,
